

## Meaning-Centered Psychotherapy Cancer Support Group 6 - 8 Week **Telehealth** Program

**Enrollment is open and free of charge. Space is limited to 5 participants.  
Group dates will be posted throughout the year.**

The group meets each week for 1 - 1½ hours. Discussions are specific to **Meaning-Centered Psychotherapy Group for Patients with Cancer** based on the work of Viktor Frankl – *to help patients look for meaning in their past, present, future and everyday life.*

Facilitated by Robin B. Katz, LCSW, from the Lurie Cancer Center.

**For more information and to be updated about future program dates,  
please contact:**
